TRAVERSAL

Applicant respectfully traverses the requirement of 30 claims as arbitrary and, no indication is given as to why the claims are indistinct.

Further it is submitted that that claims remaining after the previous restriction requirement are in a single class already selected by the Examiner and therefore would not require multiple searches; at least the searches would be co-extensive.

RESPONSE

IN THE CLAIMS:

Please cancel claims ~~18-61~~ and ~~75-149~~ and amend claims 9, 17 as follows:

9. (Amended) The method as claimed in claim 7 wherein the game is chosen by the  
player.

17. (Amended) The method as claimed in claim 7 wherein the game is chosen by the  
player.

Remarks

The purpose of this response is to address the undue multiplicity of claims rejection. As indicated the requirement has been traversed and 30 claims have nevertheless been selected. Examination of all claims is accordingly requested. Alternatively, examination of the 30 selected

claims are requested.

Respectfully submitted,
